SECTION 1 – Summary

1.1 - With reference to regional competences / or policies / or knowledge/ please provide a synthesis of initiatives undertaken and progress achieved, that can be led back to ICZM principles and objectives.

Please provide a brief description of Recommendation 2002/413/CE implementation process in your coastal zone.

Please give explicit indication on the chosen strategy and the tool finally/eventually adopted (i.e. ICZM Regional Strategy, ICZM Regional Action Plan, other forms...)

The Region of Murcia hasn't begun with the essay for an ICZM strategy, therefore principles and objectives hasn't been defined.

Related to the recommendation 2002/413/CE, the Spanish State edited a GIZC strategy defining strategic and specific objectives and establishing proposals and acting alternatives that hadn't been totally implemented.

In addition please indicate if your Country (EU member State) has ratified the ICZM Protocol (signed in Madrid January 2008) and, if the case, describe which actions/initiatives have been undertaken following the Protocol ratification.

Spain ratified the ICZM Protocol, the 17th of June 2010, but it hasn't been published in the Official State Gazette yet.

SECTION 2 – Activities undertaken in order to support ICZM implementation.

These questions are aimed to deepen some aspects describe in the previous section 1.
